

# Q.U.I.L.T.S. NOVEMBER 2018 BLOCK OF THE MONTH

## Traditional Log Cabin 10" Block

Your packet should have 1 red 2.5" square for the center (chimney or hearth), and 1.5" strips (logs) in light and dark fabrics in varying lengths. There is only one 2.5" strip (#1 light) and one 10.5" strip (#16 dark). There are two strips, one light and one dark, of each of these sizes: 3.5", 4.5", 5.5", 6.5", 7.5", 8.5" and 9.5". For your convenience, the fabric strips have been stacked in the order in which they will be used. If you are missing or lose a strip, or have a "mishap", feel free to substitute with your own fabric that fits in with the rest.

Sew the 2.5" light strip (#1) to the red center square. Press to the #1 strip. Turn the piece one quarter turn to the right (clockwise), then sew on the 3.5" light strip (#2). Press to strip #2. Again, turn the piece one quarter turn to the right. Sew on 3.5" dark strip (#3), then press to strip #3. Proceed with each strip in numerical order, pressing to the strip you just sewed on, then turning the piece clockwise one quarter turn.

After sewing on strip #4, the unit should measure 4.5" square.

After sewing on strip #8, the unit should measure 6.5" square.

After sewing on strip #12, the unit should measure 8.5" square.

After sewing on strip #14, the block is complete and should measure 10.5" square.

**PLEASE DO NOT TRIM OR SQUARE UP**
