

Graceful Moments Step 7

Assemble:

- (16) 14-1/2" x 2-1/2" background rectangles
- The (5) larger sashings with light green squares you made in Step 5
- The (12) Blocks you made in Step 6

Now it's time to play with your blocks! Twist and turn them until you find a design that you like. When you find that design, sew a 14-1/2" x 2-1/2" background rectangle between three blocks and to both ends as shown below. Press to the background. Make (4) rows like this. They should measure 50-1/2" wide.

Sew the larger sashings between the rows and to the top and bottom as shown below. Press to the Block. Your new top should measure 50-1/2" x 66-1/2". Press.

Here are two possible layouts. There are many more! Keep playing with your blocks until you find the one you like the best.
