**Part 5 – JANUARY**

This month you will assemble the interior body of your quilt.

Begin by creating 5 rows of 4 blocks that alternate “X”, “O”, “X”, “O”.  
See Fig. 10.

**Figure 10**

Put the 5 rows together alternating “X” and “O” blocks at the right side of each row, as shown in the two rows in figure 11.

**Figure 11**

Press the seams between rows open for a flatter finish. Square up your top at this point. It should measure approximately 48” x 60”. The center of your quilt is now complete. Relax until next month when you will add borders and finish your top.
